Dear Rex

We inherited you from a previous financial expert. This was not sourced, but was a serendipity. Since that time, I have no worries about my financial situation and your efforts on my behalf have been entirely satisfactory. Even your offer to call on me if necessary (I cannot walk very far) has been appreciated. I consider you more of a friend than a financial adviser. Two of my family members have availed themselves of your services.

Yours very sincerely,

Dr. John & Mrs. Isabella Hughes
